

# ANNUAL REPORT TO OUR COMMUNITY\*ANNUAL REPORT

## VISTA HIGH SCHOOL – 2009-10

### OUR SCHOOL

Vista High School is an on-site continuation high school located on the campus of El Dorado High School. This is our eighth year of serving our community. Currently, we have 50 students enrolled in our program ranging from grades 11-12. Because of our location, we have a seamless relationship with EDHS that allows our students to participate in a rich elective program that also includes ROP programs. In addition, our students participate in EDHS athletics, student council and all other student activities. Vista students experience an inclusive experience with EDHS that culminates in a VHS/EDHS shared graduation ceremony.

Vista students are held to the same rigorous academic standards delineated by the State of California and the El Dorado Union High School District. Student learning is individualized with a tremendous commitment of support, encouragement and celebration. The spirit of the school seeks nothing less than to define and strengthen each individual student’s heart, soul and mind.

Vista was granted a six-year accreditation with the Western Association of Schools and Colleges in March 2007. The administration and staff will continue to examine teaching and learning to meet the needs of our students.

### SUPPORT SERVICES

During 2008-09 Vista High School had a principal, a full-time counselor, 2.2 teachers, and access to the EDHS library, services of a psychologist, a speech and language specialist, a part-time health tech, the career center, one resource teacher, a public health nurse, a resource officer, a probation officer, and a New Morning counselor.

Counseling services include the development and support of educational plans for individual students, regular testing, information regarding colleges, universities and careers, and assistance in applying for financial aid. The school counselor also coordinates school-wide testing programs including the Standardized Testing and Reporting Program (STAR), California High School Exit Exam (CAHSEE).

### INSTRUCTIONAL MATERIALS

The District expended over \$1,509,144 for new textbooks and other instructional materials in the 2007-08 school year. The Board of Trustees’ commitment to fully fund each

textbook adoption cycle provides students with the opportunity to use quality, current instructional materials. Students utilize a number of computers and technologically advanced resources in the library and in some classrooms. We continue to seek grants to increase these resources.

### LEARNING CLIMATE

VHS provides many opportunities for students to receive recognition in curricular and extra-curricular areas. Some of the award and recognition available to students are Academic Awards Assemblies, Presidential Academic Fitness Awards, Board of Trustees Achievement Award, and Block E Awards for athletics, fine arts, speech, service, and leadership.

Vista students and parents sign a compact upon entering Vista to be aware and agree to the conditions for the student to be successful. In 2007, the suspension rate was 46.9% and the expulsion rate was 6.3%. In 2008, the rate of suspensions was 13.6% and the rate of expulsions was 1%. In 2009, the suspension rate was 61.8% and the expulsion rate was 5.9%.

The District has determined District Goals for 2006-09, and they are as follows:

- Goal 1: Personalized schools through an emphasis upon measuring student connectedness with school.
- Goal 2: All campuses will be clean and well maintained.
- Goal 3: School-wide achievement will continue its upward progress based upon the implementation of sound, research-based practices.
- Goal 4: Develop a Career/Technical Education plan.
- Goal 5: Develop a Master Plan for facilities.
- Goal 6: Develop a district-wide plan based upon the goals provided by the Board.

### CURRICULUM

The District and school recognize the importance of staff development in maintaining and improving program quality. Under the leadership of the Assistant Superintendent in charge of curriculum, all courses are aligned to California Standards of Instruction. Continued efforts are made to adjust teaching techniques to provide all students with the opportunity to learn. The goal of instruction at El Dorado High School and Vista is to see that all students are challenged to pursue appropriate, rigorous paths for academic achievement and productive adulthood. Courses of study are available on the District website.

An integrated approach to classroom instruction is provided for students with special needs. To insure adequate assistance and equal access to the District's core curriculum, we provide effective communication between regular class teachers, special needs teachers, and student support personnel.

School-to-Work Transition - Vista offers guidance in career planning to junior and senior students. EDHS/VHS offers a variety of introductory vocational classes, which provide a foundation for future exploration. A broad range of Regional Occupation Program (ROP) classes are available to junior and senior students. When appropriate, special needs students are encouraged to explore work options through the Workability program. Vista students participate fully in all of these programs.

Questions regarding any of the information presented in this report should be directed to your principal, Lara Clickner, at (530) 622-3634, ext. 1028.

Statistical data regarding student performance, school facilities, attendance, textbooks, teachers, class size, enrollment, and school finances may be found on the following pages.

# STUDENT PERFORMANCE

## Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE [Standardized Testing and Reporting \(STAR\) Results](#) Web site. Program information regarding the STAR Program can be found in the [Explaining 2008 STAR Program Summary Results to the Public guide](#). Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

## Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09

*Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

## Standardized Testing and Reporting Results by Student Group (School Year 2008-09)

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
Hispanic or Latino	*	*		*
White (not Hispanic)	15	*		31
Male	*	*		*
Female	*	*		*
Economically Disadvantaged	*	*		*
Students with Disabilities	*	*		*
Students Receiving Migrant Education Services	*	*		*

*Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

## California High School Exit Examination Results

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CDE [California High School Exit Examination \(CAHSEE\)](#) Web site. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

## California High School Exit Examination Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level in ELA and mathematics.

*Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

## California Physical Fitness Test Results (School Year 2008-09)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE [Physical Fitness Testing \(PFT\)](#) Web page. Note: Scores are not shown when the number of students tested is ten or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Healthy Fitness Zones		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
9	NA	NA	NA

## National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the [National Assessment of Educational Progress](#) Web page (Outside Source).

Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately,

while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE [National Assessment of Educational Progress \(NAEP\)](#) Web page.

## National Assessment of Educational Progress Reading and Mathematics Results by Grade Level – Aggregated

This table displays the scale scores and achievement levels on the National Assessment of Educational Progress Results for reading (2007) and mathematics (2009) for grades four and eight

Subject and Grade Level	Average Scale Score		State Percent at Achievement Level		
	State	National	Basic	Proficient	Advanced
Reading 2007, Grade 4	209	220	30	18	5
Reading 2007, Grade 8	251	261	41	20	2
Mathematics 2009, Grade 4	232	239	41	25	5
Mathematics 2009, Grade 8	270	282	36	18	5

## National Assessment of Educational Progress Reading and Mathematics Results for Students with Disabilities and/or English Language Learners by Grade Level – Aggregated

This table displays the state and national participation rates on the National Assessment of Educational Progress for reading (2007) and mathematics (2009) for students with disabilities and/or English language learners for grades four and eight.

Subject and Grade Level	State Participation Rate		National Participation Rate	
	Students With Disabilities	English Language Learners	Students With Disabilities	English Language Learners
Reading 2007, Grade 4	74	93	65	80
Reading 2007, Grade 8	78	92	66	77
Mathematics 2009, Grade 4	79	96	84	94
Mathematics 2009, Grade 8	85	96	78	92

# ACCOUNTABILITY

## Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE [Academic Performance Index \(API\)](#) Web page.

## Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from one to ten. A statewide rank of one means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of ten means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of one means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of ten means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2006	2007	2008
Statewide	B *	B *	B*
Similar Schools	B	B	B

"N/A" means a number is not applicable or not available due to missing data.

"B" means this is either an LEA or an Alternative Schools Accountability Model (ASAM) school. Schools participating in the ASAM do not currently receive growth, target information, or statewide or similar schools rankings on this report in recognition of their markedly different educational missions and populations served. ASAM schools are covered under the Alternative Accountability system as required by Education Code Section 52052 and not the API accountability system. However, API information is needed to comply with the federal No Child Left Behind (NCLB) law. Growth, target and rank information are not applicable to LEAs.

"C" means this is a special education school. Statewide and similar schools ranks are not applicable to special education schools.

" \* " means this API is calculated for a small school or a small LEA, defined as having between 11 and 99 valid STAR Program test scores included in the API. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted. Similar schools ranks are not calculated for small schools.

## Academic Performance Index Growth by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2006-07	2007-08	2008-09	2009
All Students at the School	-87	N/A	B	B

"N/A" means a number is not applicable or not available due to missing data.

"\*" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2008 or 2009. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

## Adequate Yearly Progress Overall and by Criteria (School Year 2008-09)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	N/A	Yes
Participation Rate - Mathematics	N/A	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	No	Yes
Graduation Rate	Yes	Yes

"Yes" Met 2009 AYP Criteria

"No" Did not Meet 2009 AYP Criteria

## Federal Intervention Program (School Year 2009-10)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE [Adequate Yearly Progress \(AYP\)](#) Web page.

Indicator	School	District
Program Improvement Status	Not in PI	In PI
First Year of Program Improvement		2009-2010
Year in Program Improvement		Year 1
Number of Schools Currently in Program Improvement	N/A	
Percent of Schools Currently in Program Improvement	N/A	

Schools receiving Title I funding enter Federal Program Improvement (PI) if they do not make adequate yearly progress for two consecutive years. There are no schools in El Dorado Union High School District identified as a PI school.

## SCHOOL COMPLETION

Vista staff recognizes that regular attendance is imperative for student achievement and development of good habits for the future. Vista High School promotes attendance through the Renaissance Program that rewards all students for grades and attendance. Also, we use Gordon Rodgers (School Retrieval Program) to make home visits to those students who begin to show patterns of nonattendance. We also actively use the School Attendance Review Board. Parents support the attendance policy.

### Admission Requirements for California Public Universities

#### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [General Admissions Information](#) Web page (Outside Source).

#### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [Undergraduate Admission & Requirements](#) Web page (Outside Source).

### Dropout Rate and Graduation Rate

This table displays the school's one-year dropout and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE [DataQuest](#) Web page.

Indicator	School			District			State

## Completion of High School Graduation Requirements

Students in California public schools must pass both the ELA and mathematics portions of the CAHSEE to receive a high school diploma. For students who began the 2008-09 school year in grade twelve this table displays by student group the percent who met all state and local graduation requirements for grade twelve completion.

Group	Graduating Class of 2009		
	School	District	State
All Students	100%	97%	N/A
African American	100%	100%	N/A
American Indian or Alaska Native	NA	100%	N/A

Socioeconomically Disadvantaged	100%	96%	N/A
English Learners	NA	95%	N/A
Students with Disabilities	NA	95%	N/A

## Career Technical Education Participation (School Year 2008-09)

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation
Number of the school's pupils participating in CTE	38
Percent of the school's pupils completing a CTE program and earning a high school diploma	87
Percent of school's CTE courses sequenced or articulated between the school and institutions of postsecondary education	NA

## Courses for University of California and/or California State University Admission (School Year 2007-08)

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion, of courses required for UC/CSU admission can be found on the CDE [DataQuest](#) Web page.

UC/CSU Course Measure	Percent
Students Enrolled in Courses Required for UC/CSU Admission	NA
Graduates Who Completed All Courses Required for UC/CSU Admission	NA

## SCHOOL FACILITIES

The Board of Trustees and the district administration have been concerned about the deterioration of older parts of the school. As a result, the Board allocated additional funds in 2001 as part of a modernization project that has significantly improved the learning environment appearance of El Dorado High School. Funding was available in the summer of 2004 to begin the second phase of modernization. El Dorado HS makes great effort to see the campus remains clean and pleasant. All efforts to ensure building safety, cleanliness, and adequacy have been successful. Recently a seven-classroom wing facing Canal Street and a new amphitheater were completed.

We have organized a crisis response team to address anticipated emergencies. The School Safety Committee created a drug-free zone 1,000 feet around the school that authorizes enhanced penalties for drug trafficking in the area.

## School Facility Good Repair Status (School Year 2009-10)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

Item Inspected	Repair Status				Repair Needed and Action Taken or Planned
	Exemplary	Good	Fair	Poor	
<b>Systems:</b> Gas Leaks, Mechanical/HVAC, Sewer	✓				
<b>Interior:</b> Interior Surfaces	✓				
<b>Cleanliness:</b> Overall Cleanliness, Pest/ Vermin Infestation	✓				
<b>Electrical:</b> Electrical	✓				
<b>Restrooms/Fountains:</b> Restrooms, Sinks/ Fountains	✓				
<b>Safety:</b> Fire Safety, Hazardous Materials	✓				
<b>Structural:</b> Structural Damage, Roofs	✓				
<b>External:</b> Playground/School Grounds, Windows/ Doors/Gates/Fences		✓			
<b>Overall Rating</b>	Exemplary				

In response to the Asbestos Hazard Emergency Response Act (AHERA 1986) all district facility buildings containing asbestos have been mitigated and continue to be re-inspected every three years as required by USEPA. Additionally, the six-month surveillance inspections are completed by outside contractors every six months as required by USEPA. The district maintains (on file) a management plan for removal of materials and a record of the aforementioned inspections.

### SCHOOL SAFETY

El Dorado High School/Vista maintains a safe school campus. The Emergency Plan is updated yearly and filed with the El Dorado High School District Office and the El Dorado County Office of Education. Quarterly District Safety Meetings are held which include fire, police and the OES. Site Safety Meetings are held at least twice a year. El Dorado has three campus monitors, a School Resource Officer (City of Placerville), and a Probation Officer. Selected students and staff run a Safe School Ambassadors program.

## TEACHERS

### Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the CDE [DataQuest](#) Web page.

Teachers	School			District
	2006-07	2007-08	2008-09	2008-09
With Full Credential	2	2	2	327
Without Full Credential	0	0	0	7
Teaching Outside Subject Area of Competence	0	0	0	N/A

### Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the

school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2007-08	2008-09	2009-10
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

## Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2008-09)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE [Improving Teacher and Principal Quality](#) Web page.

# CURRICULUM AND INSTRUCTIONAL MATERIALS

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2009-10)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.
