

INSTRUCTION

BP 6402 Certificate of Proficiency/High School Equivalency

The Board and the Superintendent desire that every student have the opportunity to earn a high school diploma through successful completion of class work and examination. However, when a student is unable to do so, the Superintendent encourages completion of an alternative program that allows him/her to obtain an equivalent certificate.

Eligible students may obtain a certificate of proficiency (CHSPE) or a high school equivalency certificate (GED) in accordance with law, Board policy and administrative regulations.

The Superintendent or designee shall make information available to interested students regarding the eligibility and examination requirements of each program.
